“Dear Andrea,

A 1000000 THANK YOU for your work with planning our wedding. After nearly 2 years of planning, we had our dream wedding weekend for our family and friends, and we could not have done it without you! Your way of tackling our many demands, keeping track of many different vendors, lead and plan an “All in” vegan weekend and being with us all the way from Friday to Sunday and supporting us on the wedding day itself really made all the difference. We are SO happy we had you onboard. THANK YOU for helping us plan a completely unforgettable and amazing party.

Big Hugs,

Tobias and Cecilie”

“Andrea was an indispensable help at our wedding. After our first meeting we just knew that our wedding was in safe hands. Andrea immediately understood who we are as a bridal couple and our wishes for the mood of the party. On the day everything went smoothly – it just worked out and not for one second did we need to be practical. We had so many compliments for our choice of food, wine, live music, flowers, and decorations – and all we could say was “thanks, Andrea recommended that”. We call her “The world’s best wedding planner” and we can only recommend her to the fullest! We could literally not have wished for anything else. Hugs from the bride and groom”

Magie and Philip

“We had already thought a lot about how our wedding should be and had already booked the venue and catering. When Andrea joined the planning, it was the exact right timing, as that was when all the details needed to be planned. She had the big overview and could put focus on even the smallest details, so we were completely safe during the planning. The peace we gained from this gave us space to be excited about our day. When the day came Andrea was there all the way and made sure everything ran according to plan – from when we got access to the venue, the reception, through the party and until the venue was left in good condition the day after. We could actually relax and enjoy being guests at our own party! We can really recommend Andrea to help you get the wedding of your dreams and to feel safe through the process on the way! No doubt the best investment we gave ourselves in the whole process.”

Viktoria and Sebastian

Viktoria and Sebastian wanted help to keep all the wedding day plans in order so they could relax and enjoy being guests at their own party. We were in contact though the whole process so that I knew about all the plans they made. All details were overlooked so they could just sit back and enjoy.

ELOPEMENTS

#ELOPEMENTWEDDING

I have helped couples from all over the world getting married in Copenhagen. It is very easy to get the paperwork for a legal wedding in Denmark so some even call it the Las Vegas of Europe.

Whether you are planning to elope just the two of you or you will bring friends and family along, then I can help you arrange a beautiful day to remember always.
